

If More Days Were Like Christmas

If more days could be like Christmas,
Then we would hear the sound.
Of people spreading peace, harmony and good will
to others all around.

More would take spare change and give it to those in need,
To help feed the hungry, which is a very good deed.

TV shows would cease with shooting and killing sprees,
But be wholesome and have happy endings for us to see.

People would be much nicer when meeting on the street,
With greetings of good cheer with everyone one they meet.

The rat race would slow down to a much slower pace,
Folks would take it easy and have more smiles on their face.

People would talk of Jesus more than they normally do,
They's share the Good News of Christ often with me & you.

The church house would be full of worshipers giving praise,
In fellowship loving each other, God's name they would raise.

Yeah, if we treated more days like we do Christmas,
Oh how our attitudes would be changed.
How we'd share the Gospel with others,
Think of how many people would be saved!
