

## **SCHOOL DAZE**

Summer is almost over,  
Gone into the sweltering August haze.  
Fall is just around the corner,  
And so return the demanding school days.

You'll be busy in the morning,  
The class bell ringing clear.  
Biology, algebra, and literature,  
Are things you'll begin to hear.

Along with all the study,  
Extra activities abound galore.  
Ball games, band practice, and agri projects,  
Taking up precious time more and more.

But as you start to study,  
Busy climbing the learning tree.  
Don't forget about our Savior,  
And how He died to set us free.

We must not let our school life,  
Cause our spiritual life to pause.  
So continue to read the bible,  
And do good works for the Good Lord's cause.

So as you study your lessons,  
And prepare to take the test.  
Give equal time to worship,  
Giving God your very best.
